

Crossroad Farms

15th Annual Bull & Female Sale

Wednesday, February 24, 2021 at 1:00 p.m. CST
Crossroad Farms Sale Barn, Shell Lake, SK

WELCOME from Crossroad Farms

We warmly extend an invitation for you to attend our 15th annual bull & female sale. Our deepest gratitude to all our bidders, buyers and repeat customers from our past sales for your continued support. Our customers are #1 and we truly appreciate your interest in our program and look forward to assisting you with your future bull needs.

As breeders our work starts many years before your bull is born, layering genetics to make strong females that will produce bulls that will make a difference in our customer's paycheck. Whether you are looking for Reds, Blacks or Fullbloods, our sale offering is strong with a good selection from calving ease to performance. Several transplant sons from extremely strong cow families will be featured. Sons from trusted sires that were so popular at last year's sale are back and sons from several new walking herdsires will also make their debut. Several AI sires were also utilized so that we can offer you as many options as possible to move your programs forward. Choosing a herd bull is one of the most important choices a cattleman has to make. A good bull will pay for himself when you sell his first set of calves. A poor bull will cost you for years, especially if you keep your replacements. It really pays to buy the best genetics you can.

Competent help is the key to a well-run operation and we would like to say a sincere Thank you to our employees, they are all very special and have worked side by side with us until the job is done. Also our family, friends and neighbors, all good people we can count on, your efforts are truly appreciated.

If there is a bull you are interested in but are unable to attend, call Gerald or Jody as you have in the past and we can assist you in bidding OR contact anyone of the capable sales staff to bid on your behalf. Online bidding will be available through www.dvauction.com OR www.dlms.ca Videos will be posted on crossroadfarms.ca, dvauction.com, Bohrson.com and [First Class](http://FirstClass.com) websites in early February. Give us a call any time prior to sale day and feel free to stop by the farm to view the bulls, we are always available.

The Woytiuk Family

We will be following Saskatchewan Covid protocols that are in place on sale day, follow us on Crossroad Farms Facebook or Crossroad Farms webpage or call us regarding any updates.

ONLINE VIEWING & BIDDING

pre-register to bid through

www.dvauction.com

contact Sarah Buchanan at 306-681-5340

OR

www.dlms.ca

contact Mark Shologan at 780-699-5082

Insurance: Steen Agencies will be in attendance or can be contacted at (306) 887-2020; Cell: (306) 961- 5525
Each animal becomes the risk of the purchaser as soon as they are sold. **ALL BULLS STAYING AT CROSSROAD FARMS UNTIL DELIVERY MUST BE INSURED.**

Videos: Sarah Buchanan, Golden Thread Images, (306) 681-5340.
Catalogue Design: Cattlepics.com, Patricia Shewchuk (780) 603-3066.

Health: Crossroad bulls are developed on a TMR ration consisting of cereal silage, chopped hay, super oats and a custom formulated bull supplement. This ration will optimize longevity and ensure proper development from mass and structure to testicle development. All bulls will be vet checked, scrotal measured & semen tested. Bulls are treated with Cyence, Ivermectin, Fermicon7, Pyramid4/Pre-
sponse, Maxiguard pinkeye protection & double vaccinated with Fusogard. Sale day weights will be posted.

"Sight Unseen" Purchase Program: If you are unable to attend the sale but are interested in our bulls give Gerald or Jody a call, they would be pleased to serve you personally. They will go over the bulls with you and recommend which ones would best suit your program. Bulls are guaranteed to meet your approval when delivered.

Crossroad Farms 100% Guarantee: All bulls are guaranteed to be satisfactory breeders in accordance with the Canadian Simmental Assoc.guidelines. Should a problem occur barring physical injury or mismanagement, a bull of equal value will be provided or a credit will be issued towards the purchase of another bull. We always have back-up bulls for our customers and we guarantee you will have a bull to service your cows.

Delivery: Free delivery in Alberta, Saskatchewan and Manitoba to central points, we will try our very best to deliver them right to your yard. Cost shared arrangements can be made to other destinations. Delivery date is at the seller's convenience.

Welcome U.S. Buyers: Exchange rate will be announced on sale day. Crossroads will do the necessary testing for export on bulls at cost and deliver to the nearest border crossing.

Semen Reserve: Crossroad Farms reserves the right to collect semen for in herd use only on any bull in our sale. Semen would be collected at Crossroads expense and buyers convenience.

CROSSROAD ACTION 133H

PRS1316303 | CRF 133H | JAN 17 2020 | POLLED 7/8

Sire: LCDR AMERICAN RED 99E

We purchased American Red from LCDR Simmentals in North Dakota. He has an excellent structure with such a great foot and moves so effortlessly. He continues to impress us with his stunning profile, his breeding ability and the consistent progeny that he sires. His first calf crop yielded nine sons that were mostly out of heifers. They all made the bull sale averaging \$9,722. His daughters are equally impressive and we are eagerly anticipating their first set of calves. American Red offers calving ease, excellent growth with above average EPD's. He has a solid genetic base to leave a lasting impression on any herd and we are pleased to offer you twelve sons and four heifer calves at this year's sale.

ERIXON REVELSTOCK 41A

Dam: CROSSROAD EDITION 141E

CROSSROAD X-ON 194X

This combination of genetics sure worked well. Here is a super deep, super hairy and super quiet American Red son that will be a true stand out on sale day. This early maturing heavy-weight stepped on the scale in early Sept. at 955 pounds and hasn't quit growing since. His young Revelstock dam belongs to an excellent cow family and we expect she will produce many great ones in her lifetime. She raised an excellent daughter on her first try and like her mother she will be one of the first to calve this year. There is no doubt that this bull will sire you a strong set of calves, maybe your best EVER!

Dam: CROSSROAD FEBREEZE 191F
CROSSROAD WEZLYN 933W

Another solid coloured, big bodied American Red son with a mess of hair that also exhibits a lot of muscle expression for a calf pictured at only ten and a half months of age. What an amazing job his dam has done on her first try and she is also bred back again for an early January calf. His grandam is twelve years old and her calf is lot 3 so you can decide for yourself the quality that this cow family is capable of producing. Your Ambush daughters will be phenomenal producers so keep as many replacements as you can. Here is a bull that will have lots of friends on sale day, he will add quality and extra pounds to your calf crop, guaranteed!

WS BEEF MAKER R13
Dam: CROSSROAD WEZLYN 933W
CROSSROAD TARYN 690T

Born a 78 pound twin and is long as a freight train, just look at his growth! In our attempt to keep the herd young, Achiever's dam is one of the few older cows that just keep's staying because there is no reason to replace her. She can really feed a calf and has raised some of our best. Her daughters are following in their mothers footsteps for production, check out the lot 2 grandson. So whoever the buyer is, keep as many daughters as possible. Here is a bull that has a lot going for him and will definitely add length and pounds to your next calf crop.

Dam: CROSSROAD EUROPE 82E
CROSSROAD 106R

As you can see in the insert he was halter broke the day after he was born! Here is another really good American Red son that is long bodied, wide topped and packs a big rear quarter. He started out at 78 pounds and look at him now, full of meat and muscle. This is the second calf for this powerful transplant Reckless daughter, she belongs to an extremely strong cow family and is bred back for an early calf. Big testicle size as do all the American Red's, Atomic is a very attractive blaze face loaded with maternal strengths you can count on.

CROSSROAD TASMYN 626T

Here is another super good American Red son full of thickness from front to back. He has been a real stand out all summer and we have really admired his qualities during the different stages of growth. We have a full sibling to Apollo in the bred heifer pen that will no doubt be an awesome producer like her dam. We also really like the udders on the Kill Switch dam's so this combo of genetics will certainly leave some excellent replacements. Great muscle pattern, testicle size, colour, style and loaded with maternal traits gives you an all in one total package to take home as your next herd sire.

CDI ABUNDANCE 391C
Sire: LCDR AMERICAN RED 99E
HSF RED FORTUNES SIS 33
SIBELLE SPARTACUS 8A
Dam: CROSSROAD EXCEPTIONAL 182E
IPU MS. CODE RED 249A

Agent is a blaze faced bull out of a Spartacus x Code Red transplant daughter and she certainly did a good job mothering him. The lot 9 bull's dam is a full sibling so you can see the consistency these females can produce. He is pictured here less than ten months of age and you can really see that Spartacus thickness developing from his dam's side of the pedigree. We like picturing our bulls at a younger age so that customers can see some of their potential now and not just on sale day. American Red was purchased to use on females like this and we are sure pleased with the results. Agent is super stylish, long smooth bull with a good temperament. Here is a bull that is sure to sire an exceptional set of calves!

Dam: CROSSROAD ELOISE 32E
CROSSROAD CONFETTI 928C

Whoa! Check this one out. He is one of the Master's (Gerald) favourites that we have admired all summer. He has a patch on his face for character but behind that head is pure body mass, wide, deep, thick all over with a tremendous amount of hair and a super disposition. His dam raised a top notch bull for Stolson Farms and Raiders maternal Grandam and Great Grandam both remain strong producers in the herd. Here is a bull that will raise some impressive, soggy money making calves.

Having IPU Code Red as your mother speaks for itself. Her accomplishments are impressive, not just for one year or one sire but every year and multiple sires. She is one of our donor cows and we have many of her fertile daughters in the herd, building what may be one of our best cow families ever. Good growth, high maternal values, fertility and consistency, here is a bull with some real qualities that we think you are going to like. The Rattler bloodline just adds to this young bull's complete package. Homo polled by pedigree, Reputation is super quiet and super good, make sure you put a checkmark by lot 17 on sale day.

IPU MS. CODE RED 249A
SVS PREMIUM 405B
Dam: **CROSSROAD DELORES 31D**
CROSSROAD YOHANNA 384Y

Pictured on November 24th just over ten months of age, here is a tremendous power bull with mega hair that is dark red to the hoof. We collected semen for in herd use on his sire, Crossroad Red Stone before he was sold in our 2018 bull sale to Meadow Acres for \$26,000. Red Stone is another transplant son out of the Stepping Stone x IPU Code Red genetics who are both known for producing females with excellent udders. The dam of Red Rio raised a full brother that sold to Windmill Stockfarm at last year's sale and another son was purchased by 7 Pillars Ranch. Red Rio has good performance and thickness throughout. If you want to produce early maturing, heavy weight, top dollar calves, here is a bull you can count on to get the job done.

CROSSROAD WOODSTOCK 953W

Another real complete Red Stone son here, solid dark red, moderate framed with thickness from front to back and big testicles. He has an appealing small head, moderate birth weight, good performance and comes from our wicked good Woodstock cow family that always brings home the best. His dam has raised bulls for Lee Ranch Co. in Montana and another went to Hard Luck Farms at Young, Sk. She is due with her 6th January calf and we sure hope it is a heifer. Good cows raise good bulls and growing this cow family insures that we can continue raising the best for our customers. If you are herd building you will definitely want to retain his daughters. Generations of proven producers in this bloodline guarantee high returns on your investment in a very short time.

BBBG FRANCESCA 2S
IPU CODE RED 53Y
Dam: **IPU MS. CODE RED 249A**
SBSF MS WARRIOR 53U

Now this is style, check out the hair coat on this guy! But he is more than just a good looking bull calf and if we didn't already have these genetics in the herd this one would not be leaving the farm. He is a full brother to Crossroad Red Stetson who is the sire of lot 23 and also the sire of the \$100,000 Crossroad Connected black bull that was purchased by First Class Marketing & the Connected Syndicate at our last year's sale. Red Replica was born an embryo twin and there is a pretty wide gap from birth at 74 pounds and the weight he is now. His commercial recipient mother kept the other twin and this little dude was actually raised by his full sister who had lost her calf. The proof is in the milk, look which twin made it into the sale catalogue, and it also says a lot about these genetics. A must see, how much better will he be by sale day, you be the judge.

IPU 403P PASHMENIA 245Z

Here is an American Red son that has been a standout since birth and continues to impress us at every stage of growth. He is a big bodied soggy, loose hided bull with extra length and a wide top. He is pictured here at ten and a half month's so by sale day he is going to be a real mass of bull. He has above average EPDs, excellent testicle development and a super disposition too. Jody purchased his dam as a high seller from Labatte Simmentals and she has been a good producing cow for us with sons going to Lee Ranch in Montana and Riverbend Colony at Waldheim. We have a full sibling to Black Accolade due to calve in early January and her mom won't be too far behind her either. This is our kind of bull, he has all the qualities we look for and we will be collecting semen for in herd use, we will definitely want to put some these genetics back into the herd. Full of performance, give this one some serious consideration.

WHEATLAND NEXT UP 595C
Dam: CROSSROAD ELLE LIVIA 51E
CROSSROAD ZENZA 3Z

Madoc was purchased from Herter Simmental's. He has an incredible mother and his Grand Fortune sire makes phenomenal females so it was an easy decision to purchase him. This is our first set of Madoc's, and we are very pleased with them. They are moderate and thick and exhibit good growth. Here is Black Missile the first of three Madoc sons we have in the sale this year. He was born to a good uddered Wheatland Next up second calver that comes from a strong cow family. Her last year's good bull was purchased by Moore Ranching at Loon Lake. Super disposition on this guy, structurally sound, big butt, good muscling throughout and lots of testicle too. We are confident he will go out and sire an impressive set of calves full of style and performance.

When Jody saw Madoc's dam he said he couldn't take his eyes off her, he still says that she is the nicest looking cow he has ever seen. Madoc females will be tremendous, and we are fortunate to have some extremely good daughters in the replacement pen and hopefully more on the way for 2021. Black Magic is another excellent Madoc son that is long bodied with good performance and a stylish hair coat. He is structured well and has a good disposition too. His black baldie awesome uddered, transplant dam raised a rip of a bull selling to Hard Luck Farms at last year's sale. Here is a bull that will go out and sire some tremendous sons and daughters.

ERIXON LADY 16B

Black Stud is a stylish black Circuit son that is naturally quiet. He has plenty of muscle expression throughout and solidity in his structure. His dam's name is Diva, she comes from a long line of tremendously uddered females and she is Olivia's first purebred cow. She is one of the few that have ever won the distinction of Grand Champion Female three years in a row, as a bred heifer, a two year old cow calf, and a three year old cow calf pair at the P.A. Regional 4-H show. She also won the 2017 Tiger Lily Classic at the P.A Ex. Her first bull calf sold at our 2019 sale to Rust Mountain View Ranch from North Dakota for \$14,000 and her second calf was a heifer that is due to calve in early January. Olivia invested some of her savings into another bred female this past fall and is slowly growing her purebred herd. She is pretty happy with her Diva cow's production and hopes that everyone is just as excited about her Black Stud bull in the sale as she is.

LFE BS CHARO 23Y
TNT GUNNER N208
Dam: CROSSROAD URSULA 791U
HILLCREST MISS RUSTY 61M

The scale read 1005 when we weaned in early Sept. Super growth on this solid black embryo transplant Riddler son. Lakeland College & Rosebud Colony purchased full brothers at the last two sales. Black Impact is a very good bull, he checks all the boxes, so well balanced, good feet and legs, testicle size, thickness from front to back, nice heads on these Riddler bulls too, and lots of style. You will see the Ursula donor cow name in several pedigrees throughout the catalogue, she has six sons from three different sires in the sale this year. We have several daughters in the herd from this flush that are flat out awesome. Black Impact has a ton of maternal values to pass on to his progeny, and raise the status of your herd through his daughters you retain. We think he will be an outstanding breeding bull and play a big part of the future of your program. Here is consistency that you can rely on.

An abundance of muscle in this Outlook son, great hair, colour and testicle size too. Born unassisted to a Blueprint heifer, his polled grandam is the mother of Crossroad Polled Future. She has raised seven January born calves in a row, she is still here, due with her eighth. Check out her bull calf, he is lot 61. Oregon is another good bull and has a consistent package to buy into, he will mature into an excellent breeding bull.

BBBG FRANCESCA 2S
MFI CORNERSTONE 7187
Dam: **CROSSROAD BENITA 530B**
CROSSROAD X-BONITA 201X

You would never know just by looking at him that he was a February born, 77 pound twin. He was raised by a heifer that loved her calf so much, she laid on it and pancaked him. Colour with extra pigment and super thick hair coat for style. Good structure, thickness, overall balance and good testicle size add to his list of qualities. Stockman is a full fleck Spartacus son and has some of the best of the best when it comes to pedigree. His dam has raised a bull for Belle Plaine Colony and daughters were purchased by Doobie Simmentals in Ontario and Ed & Brenda Beulac who pasture just down the road from us. Stockman has all the makings of a great herd sire, we are confident he will sire an impressive set of calves.

BBBG FRANCESCA 2S
ANCHOR "T" METRO 4E
Dam: **CROSSROAD ZANIKKI 18Z**
CROSSROAD X-NIKKI 225X

Gerald says this one is a real meat bull, lots of Spartacus muscle packed into that body and looking very mature here for his age. Just so you know he does have a little tuft of white on the other shoulder and white in both flanks, but that sure won't affect the big soggy calves he will sire. Skipper's Metro dam has also contributed big time, she is from a very productive, good uddered cow family and has raised a good bulls for M&E Farms, KJ Larre Ranching and Fink Farms and a daughter for Allan Tkatchyk at Ashmont, Ab. Skipper's nine year old dam is due again for January so good fertility there. Skipper is definitely interested in the opposite sex and is going to be happy when he gets a group of cows to himself. Here is a quality bull that will add thickness and style to your next calf crop.

Spartacus has definitely left his mark, siring several high priced bulls to both breeders and good commercial cattlemen. He is the best Full Fleck bull we have ever used, you will see his name weaved through our pedigree's and see the thickness the Spartacus daughters pass on to their calves. Here is embryo transplant out of the Umbra donor cow that is super stylish with his double goggles and great hair colour too. His body is a mass of thickness along with that big Spartacus butt and he has a good disposition too. Swayze is a complete well balanced bull that will be very impressive on sale day, come and have a look.

CROSSROAD TUXEDO 222T
Dam: CROSSROAD ZELESTE 19Z
CROSSROAD STARLA 473S

We purchased a semen package on Fairview Philosophy and we are sure pleased with these eight sons we have in the sale this year. We will start with Pilot, his colour is about as dark as you can get on this homo polled full fleck Philosophy son. Deep sided, good muscling in the rear quarter, large testicles and a super disposition are also some of the qualities this bull has to offer. His nine year old dam has raised seven January born calves in a row including the high priced Crossroad Polled Future. She is still here, due with her eighth calf, so good fertility and longevity in this bloodline. Lots of potential here, if you are looking for polled be sure to stop in and check out this this one out.

365 Day adj. Wt: 1461 lbs.

Our grandson named this bull, he lives, eats and breathes the Blue Jays, and at age eleven he is a pretty good cattle guy too. He must have known this bull would be special. And he is. Not only does he ring the bell in the style department, but all the boxes are checked off on birth weight, performance, structure, testicle size and disposition too. He was born to a Spartacus heifer whose maternal traits are hard to fault and she is bred back the same way for early January. His Grandam is one of our best full fleck cows, and will be entering our donor program this spring, she is due with her tenth calf again in January. She raised Sangria, who was a high seller last year going to Cattle Creek Crossing. Here is Pillar, polled full fleck with above average EPD's(even better than the Blue Jays, Sorry Cooper) He will sire tremendous calves with replacements that are highly maternal, proven genetics here that equal pure profit.

OPEN REPLACEMENT HEIFERS

We are pleased to offer 15 solid open replacement females for the sale this year. We have tried to select something for everyone. They all have consistent producing bloodlines that represent our herd and we are confident they will be productive females for their new owners. We are proud of what some of the females we have sold at previous sales have done for their new owners. Several have gone on to produce high selling progeny. The heifers are available for viewing any time prior to the sale. We always look forward to your visits.

77 CROSSROAD HOT SAUCE 193H

PG1317235 | CRF 193H | JAN 26 2020 | POLLED PB

| E P D | CE | BW | WW | YW | MILK | MCE | MWWT |
|-------|-----|-----|------|-------|------|-----|------|
| | 9.1 | 2.4 | 74.2 | 107.8 | 28.3 | 6.5 | 65.4 |

BW: 91 lbs. 205 Day adj. Wt: 684 lbs.

Mr Flash is our calving ease specialist and we have five fancy daughters on offer this year. Her dam is a fancy Vegas/Ursula transplant heifer that is due to Crossroad Connected in mid-January. If you have Ursula in the pedigree you have guaranteed maternal power that you can count on. Here is Hot Sauce, very eye appealing solid dark red on a moderate frame, deep bodied with a ton of hair. We like her a lot and think she will make a very good cow. Homo polled by pedigree, Hot Sauce would be an excellent addition if you are looking for a herd building female.

TERMS - The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made.

Crossroad Farms reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase Crossroad Farms reserve full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Crossroad Farms and sales staff has the right to refuse bids from anyone who has a previous record of default in payment and who has not made prior credit arrangements, prior to the sale with Crossroad Farms.

BID-Every animal consigned to the sale must be sold by auction. No by bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES- In case of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK- Each animal becomes the risk of the purchaser as soon as sold. **ANNOUNCEMENTS** from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY- The proper Registration or Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after the settlement has been made.

SHIPPING- Assistance will be given in making shipment after the sale but no risk is assumed by the Seller. Purchasers are requested to furnish shipping instructions when

making settlement.

GUARANTEE- All animals will carry standard breeding guarantee as specified by the Canadian Simmental Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to the Canadian Simmental Association Guarantee but no guarantee is given that semen from any bull will freeze.

HEALTH - All animals will have passed the required tests as determined by Agriculture Canada at sale location. It is the buyer's responsibility to determine health requirements for importing any animal into his province or state.

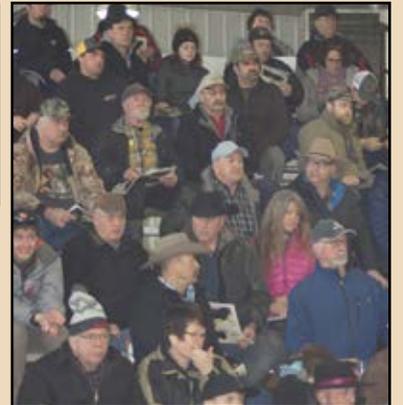

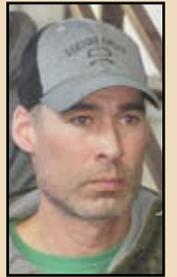

ACCIDENTS- Although every precaution will be taken to protect the safety and comfort of buyers, neither Crossroad Farms or any Sales Staff or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PICTURES- By attending our sale you are giving your consent for your picture to be taken and used for promotional or advertising purposes only of Crossroad Farms. If you wish to not have your picture used please advise us in writing immediately after the sale.
